

Cystic Fibrosis Association of Slovenia

www.drustvocf.si

Cystic Fibrosis Association of Slovenia is a non-profit organization in Slovenia, Europe. The association was established at the end of 2009 and is a member of the European Cystic Fibrosis Society (ECFS) and Cystic Fibrosis Europe (CFE), a section of international CF organization Cystic Fibrosis Worldwide (CFWW).

Purpose

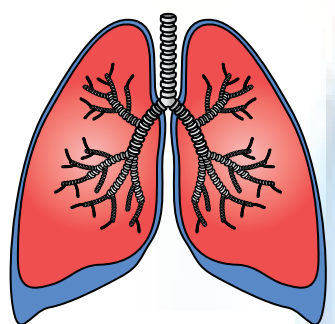

The purpose of our association is to assist all patients affected with cystic fibrosis and their families in achieving the highest possible quality of life. The society is aimed at addressing and alleviating social distress and difficulties of people, providing assistance to people whose health or life is threatened, and strengthening public health.

Goal

Our goal is to inform general public about CF and various aspects of life of CF patients in our country.

Activities

- ❖ Organize press conference on Rare diseases day on 28th February
- ❖ Organize Slovenian Cystic Fibrosis Awareness Week in November
